## Owners Halt City Plan to Re-Zone Lots

## Action Postponed for Two Weeks, Protests Are Presented

The city's proposed action of re-zoning heavy industrial property on the west side of Cerrito Hill met with opposition Monday night as representatives of owners of large tracts of land in the district offered protests.

Represented were the E. I. du Pont de Nemours Company, owners of 60 acres, and the Coast Manufacturing and Supply Company which owns more than 18 acres near the city's waterfront.

Both firms claimed that the property could only be used in its present classification, that is for heavy industries, and pointed out that the City Council had the power of preventing any objectionable factory or plant from locating there.

Neither owner, moreover, has any immediate intention of building or selling the property, the representatives stated. The council finally deferred action for two weeks, during which time the property is to be inspected and some plan more agreeable to the owners will be considered.

Protests from a number of other owners in that district at the consideration of changing the property from heavy to light industrial, were also received.

## RESIDENTS PRESENT

Monday night's meeting, which had been advertised as a hearing on the already mentioned re-zoning and on the changing of property on Evelyn Avenue at the north end of that street, to permit light industries to be operated, was also attended by Mr. and Mrs. Alfred Frisvold, residents of 420 Evelyn Avenue, who were present to protest such action in their district. Other residents of the neighborhood are also opposed to allowing industries to operate there, they reported.

This action has been indefinitely postponed, Mr. and Mrs. Frisvold were informed by the council.

The signal lights at Solano and San Pablo Avenue are now being re-wired to follow the legal sequence of the State law, Councilman Batchelder reported.

## TO ALLOW PUMP

Following an application of the Sunland Refining Company of San Leandro for permission to install a 100-gallon gasoline tank on the premises of the Albany Coal and Wood Company, 820 San Pablo Avenue, the council voted to allow such installation if done with the inspection of Fire Chief Carl Ahlgren.

The tank will contain fuel to be used in the trucks of the local company and will be connected with a one-gallon pump.

W. R. McGeorge of 1034 Pomona Avenue was granted permission to do his own sewer work at that address and informed that he must pay the necessary license fees and have the work approved by the municipal inspector.

Cancellation of taxes on property as asked by the Veterans Welfare Board, was laid over one week.

## AGREEMENTS PUT OVER

Agreements between the city and Humboldt Hospital, and between the city and the Ace Ambulance Company, were ordered put over for a period of one week.

The first-named contract concerns the emergency service operated by the hospital for the city, and the second has to do with the city's emergency ambulance service. The extra time was granted at the request of Councilman Batchelder.

## Officers Named By Tennis Club

Beginning its 1937 activities with a business meeting, the Albany Tennis Club gathered Wednesday evening at Scheik's Palm Garden. The session was called to order by John Van Doren.

An election of officers for the ensuing year was held, with the following chosen:

## Buddy Meads to Sing at Annual Ball in Oakland

New laurels will be added to those already possessed by Buddy Meads, songster, when he makes his appearance in the Oakland auditorium next Saturday night.

The occasion is the annual ball given by the firemen of that city to raise money for their relief fund. Ever an outstanding affair in the East Bay, this year's event is scheduled to be "bigger and better," the committee promises.

The ball is set for Saturday night, February 13. Tickets may be secured from any member of the Oakland department.

## Fine Program To Be Given Next Friday

ing Lincoln's birthday given by District Lodge No. 5, International Order of Good Templars.

A stirring address on Lincoln will be given by Clarence Rust, Oakland attorney. The program is to be opened by community singing led by Mel Matheny.

This occasion will also mark the local appearance of the Glen A. Sliter family of Oakland, a musical aggregation of seven talented musicians who have become very well-known by virtue of their many lodge and radio appearances.

Also appearing will be Miss Nancy and Miss Florence Blest, pianist and violinist, respectively, in a number of selections.

Other features of interest will round out an unusually interesting program for the entire family, the group predicts, and issues an invitation to all to be present.

No admission will be charged.

## Breakfast Club To Meet Sunday

An address and obligation ceremony will be delivered by Bernard W. Kearney, commander-in-chief of the organization, to be followed by Glen Gray's Casa Loma Orchestra from New York.

A quartet, the V. F. W. Sharpshooters of New York, will next be brought to the listeners, after which will be heard several minutes of music professed by Henry Busse's Orchestra from Chicago.

Bennett C. Clark, U. S. Senator, will be the next speaker and will be followed by another selection from the V. F. W. Band of Denver. All veterans and other listeners are invited to tune in on the unusual program.

## Sunday Crash Injures Three

Struck Sunday night in Oakland by a hit-driver, Mr. and Mrs. Lou Griffing and Ray Banducci of this city were injured, police reported.

Mr. and Mrs. Griffing are the owners of the Bright Spot Restaurant on San Pablo Avenue. Banducci, well-known in local athletic circles, is first baseman on the Braun Mattress team that is managed by Griffing and last week signed a contract with the St. Louis Browns.

Mrs. Griffing is said to be suffering from a fractured leg, while her husband incurred leg and rib injuries. Banducci received severe bruises.

## Auxiliary of Legion Post Earns Award

Albany Unit 292, American Legion Auxiliary, is the only one in the Tenth District to have reached its membership goal and has qualified for a national citation, it was revealed by Mrs. Jessie Fay, membership chairman, at the recent meeting of the group.

Mrs. Fay was presented with a gold victory membership pin by the district membership chairman, Mrs. Lois Wendland, at the last meeting of the District Council in San Leandro.

The sum of \$10 was sent to the Red Cross to be used in flood relief work. The motion was introduced by Mrs. Vera Crewse, community service chairman.

A check for \$50 was presented by Commander Leon Fay of Albany Post, to be used in the Auxiliary hospital and rehabilitation work.

The chorale club, under the direction of Mrs. Patricia Adams, is planning a number of theater parties in the near future, it was announced. February 18 and 19 have been selected as the date of the next party.

It was reported by Mrs. Esthe Knox, educational chairman, that the award for the highest scholastic standing for girls of the Albany High School graduating class was won by Miss Eva Megaw.

The next regular meeting of the Auxiliary, on February 8, will take the form of a "Pot-luck" supper. At this time the identity of the "Unit Chums" will be revealed.

## Girls Train for Scouting Tests

The troop committee of Troop 20 of the Albany High School Girl Scouts is making arrangements so that the girls may meet their first-class swimming requirements. The girls are being taken to Lakeside Plunge during the month of February, but as soon as the Richmond pool is open they will receive instruction there from Kelly Bryan.

Mrs. C. E. Attwood, Mrs. F. W. Nunn and Mrs. R. Gorgensen are furnishing the transportation.

Mrs. John Dietsch, troop leader, said that new members for the committee are wanted, as at present there are no troop lieutenants. No special requirements are necessary and it furnishes an opportunity to do something worthwhile for women who can devote a small amount of time. Those interested should contact Mrs. Dietsch at Berkeley 7468W or Mrs. Attwood, Thornwall 3547.

The next meeting of the X. C. Bridge Club is scheduled for February 10 at the home of Mrs. Esther Klein on Stannage Avenue. Sewing and refreshments will round out the afternoon.

## Marin Students Give \$143 for Flood Relief

The largest donation received here in the Red Cross drive for the relief of flood victims, came from the Marin School, Mrs. Grace Higgins, city treasurer and local chairman, reported Monday.

Contributions of students and teachers of that school amounted to \$143, she said, setting a record in this city. The sum was brought to her office in the city hall by a group of students accompanied by Principal Allen Keim.

The other schools are also reported to be gathering funds for the emergency work and will be reported on next week, Mrs. Higgins said.

Contributions may also be left at the Mechanics Bank, corner of Solano and San Pablo Avenues, and at the Bank of America, 1561 Solano Avenue.

## Church Group Tells of Its Racial Study

Sociological and religious characteristics of the American Negro are being studied by the members of the St. Alban's Auxiliary at the meetings which are held the fourth Wednesday of every month. Meetings on the second Wednesdays are reserved for business matters.

The last meeting of the study group was held at the home of Mrs. Stanley Le Protti in Berkeley. Part of the time was spent listening to educational readings and the remainder to making quilts. Three are now under way and when completed will be given to some needy family.

Yesterday a group of the members, who are affiliated with the local Episcopal Church on Solano Avenue, attended the Diocese Convention at the Grace Cathedral in San Francisco.

After attending services at the cathedral members went to the Fairmont Hotel for lunch, later retiring to the hotel ballroom where a meeting was held.

Those who attended were Mrs. Frank Young, Mrs. Clara Smith, Mrs. Mary Frances Lee, Mrs. Thad Lee, Colonel and Mrs. William E. Alge, Mrs. Walter Kees, Mrs. Stanley Le Protti, Mrs. Lee Blakeman, and Miss H. Logan.

## Brauns Ready For San Jose Tilt Sunday

Seeking more fields to conquer, the fast-stepping Braun Mattress nine travels to San Jose Sunday to clash with the powerful San Jose Merchants on Graham Field at 2 o'clock.

Manager Lou Griffing is fully aware of the ability of the Santa Clara Valley contingent but is confident that his boys can return home with a victory stowed away in their win bag.

The Merchants' crew has numerous professional players studding its lineup. Perneia, Cincinnati Red rookie, will be at the initial sack; Phillips, Northern League star, at the hot corner; Martinez, Oak recruit, at second base, and Macedo, San Leandro boy, who performed in the Piedmont League, at the short patch. This infield is one of the best in the Bay Region and rivals that of the Braun crew.

Stanley Botto, ace hurler, who has had several Coast League tryouts, will most likely start on the hill for the Merchants.

Lou Griffing will pin his hopes on the husky right flipper of Steve Le Gault, Cincinnati rookie. Steve, if he has one of his customary good days, should give the Garden City squad plenty of trouble in trying to connect with the sphere.

The infield for the local nine will be: Mel Cerrato at third, Frank Peacock, short, "Ducky" Prolo, second, and Roy Banducci, St. Louis Browns' rookie, at first.

San Jose fans are anxious to get a glimpse of Banducci, who has been a sensation this winter with his hard hitting and flawless fielding.

With the slugging outfielder trio of Tony Cola, Walt Peacock and "Frenchy" Benaducci patrolling the outer prairies, Griffing is all set for Sunday.

George George, catcher will round out the Albanyites starting lineup. Jerry Robeck and Tula Massucco will take care of the utility roles and may be called to pinch-hit as both boys are capable willow widders.

## Card Party for Scouts Feb. 19

With plans nearing completion for the card party which is to be given for the benefit of Boy Scout Troop, No. 42 and Cub Pack No. 3, the two clubs sponsored by the Marin Dads' Club, members of both groups are eagerly awaiting the evening of February 19 which has been set aside for this event.

H. F. Hexner, chairman, extends an invitation to the public to attend. Score cards will cost 25 cents and the game will start at 8 o'clock. Many awards will be available for those receiving high scores.

Robert W. Katz of 1408 Solano Avenue spent last week-end at the ranch of his sister, Mrs. Charles Brandt of San Jose.

Mrs. Laura Brooker, 1016 Ramona Avenue, was confined to her home by illness last Thursday.

## Drive Gains Impetus for Church's Aid

## Ministers to Aid Last Week of "Silver Stream" Drive

"The 'Silver Stream' is attaining flood proportions," is the encouraging word emanating this week from those in charge of the drive to relieve the indebtedness of the Albany Community Church.

Through the efforts of N. A. Christensen, district superintendent and Rev. Herbert Brooke, pastor of the local church, a pledge of \$2,000 has been secured from the Berkeley branch of the Bank of America on the condition that \$5000 more is raised and paid within the next 90 days. The aid of W. W. Sorrick and Andrew Udall of the bank was instrumental in securing the offer, it is said.

A pledge of \$1000 has also been secured by the district superintendent and Bishop James C. Baker.

With \$600 already realized in cash and pledges, the committee announces that it needs only \$3400 in order to reach the goal of \$7000. Such an amount would reduce the church's indebtedness from \$14,300 and would also cut the monthly interest payments in half. This would release the energies of the people of the church for a more effective human service to the life of the community.

In order to complete the campaign next week, before that of the Community Chest is started, a number of East Bay ministers will commence an intensive drive here Monday morning. The aid of laymen is sought to act as chauffeurs and guides.

Pointing out that the building has recently been appraised and valued at \$25,000, the committee urges that contributions made now will materially lessen the burden of debt on the institution.

All money contributed to the fund will be placed in the local branch of the Mechanics Bank pending the successful completion of the campaign, it was said.

Among the items in this issue is a message from Ed Ryken, president of the group, telling of his plans for the Institute's future.

Murphy and Eugene McGowan, executive committee; Patrick Bryne, treasurer; Frank Ryken, Sr., financial secretary; William Kraus, recording secretary; Rev. A. Sullivan, chaplain; George Schmalholz, marshal; Donald Lipps, inside sentinel; and Charles Ryken, outside sentinel.

## Albany Building Continues Gains

January building activities continued the upward trend shown throughout the past year, the monthly report issued by City Building Inspector H. I. Dygert reveals.

Permits for construction estimated to cost \$32,100 were issued during the month just closed as compared to \$28,105 for the same month of last year.

Nine of the permits were for dwellings having an estimated total cost of \$20,050. Nine other permits were issued for additions, alterations and repairs having a total cost of \$2240.

### Eyes Should Be Tested Regularly

It seems regrettable that so many physical ailments can be traced to neglect in the correction of visual deficiencies through carelessness of individuals who do not realize the grave resulting dangers that a reputable optometrist could check or cure. Examination of the eyes at regular intervals by an optometrist would bring to light any tendency toward incorrect vision at its inception and save many people from the terrible experience of chronic headaches and nervous disorders, as well as save many of the accidents caused from improper eye-sight.

Mr. F. W. Laufer is an optometrist that has served this community faithfully and consistently for many years. His office is conveniently located at 487 14th Street and is equipped with the most modern of instruments for the detection of eye disorders. Modern methods and expert service are assured you here at nominal costs.

F. W. Laufer, Inc., has enjoyed the confidence of hundreds of East Bay residents for many years and you can rest assured that you receive from him the soundest, most honest advice obtainable, for it is backed by years of training, experience, and a reputation to be upheld.—Advt.

### Joseph Vila Well Known as Builder Of Modern Homes

It is often said that "Home" is the most beautiful word in the English language. The word signifies the culmination of an ideal to the man who is planning to build. The modern contractor needs more than a knowledge of materials and workmanship; he must have that human understanding that makes it possible for him to interpret his client's ideal; he must be a man of high ethical standards so that the owner is assured of honesty and justice; he must be able to work in harmony with the owner's desire. In that way the home is sure to have its own individuality and its creation surrounded by pleasant memories.

Mr. Joseph Vila of 1207 Solano Avenue, is well known throughout the East Bay as such a contractor. His host of satisfied customers will vouch for the fact that Mr. Vila not only knows every touch in modernity and in sound home building architecture, but also has the other qualities necessary to build truly beautiful homes. Along with this, Mr. Vila is also in a position to finance the building of your home if you so desire that service.

It is hard to over-estimate the value to a fast growing community such as this, of a builder and contractor with the ideals and principles of Mr. Vila, combined with his thorough knowledge of the business. He may be reached by phone at Thornwall 5067.

### Fernwood Dairy Is Known for Quality

The food value of milk and dairy products has been so conclusively proven by scientific research that no comment on that score is needed here. It has been definitely established as an essential part of the diet for adults and for children, an absolute necessity if health and normal growth is to be maintained. Because of this importance to her family, careful mothers are keenly critical of the food value and quality of milk and milk products used in her home.

The large demand for Fernwood Ranch Dairy products by Albany housewives, is a testimonial therefore, not only to the quality of the products but to the service given by the able manager, Mr. A. Campomonsi.

The confidence of the public in the Fernwood Ranch Dairy is well placed. Their milk and cream comes from regularly tested dairy herds and is delivered to you under the most rigid rules of sanitation that modern science has invented.

Fernwood Farm Dairy milk and cream is on sale at many of the leading grocery stores and food markets in Albany. If you cannot obtain it from your dealer or prefer delivery service, phone Olympic 1404 and a courteous Fernwood milkman will be glad to stop on his next trip and arrange for the service you desire.—Advt.

### Grandma's Cookies Ideal For Kiddies

How to satisfy the craving for sweet things, that all growing children seem to have, is quite a problem to most mothers, for the health and happiness of the child, as well as of "grown-ups," depend so much upon the wholesomeness and quality of foods they receive. The craving, however, is perfectly natural as all dietitians agree, that a certain amount of sweets are a necessity to health. With this in mind, Grandma's Cake and Cookie Company was started many years ago, to meet the growing demand of modern mothers for tasty dainties that were appetizing and still beneficial to their families.

Grandma's Cake and Cookie Co., products have steadily gained in popularity because they filled a certain need that housewives quickly recognized—a healthful, dainty product that satisfied her family and was still economical enough to let the children have plenty.

The company, on the other hand recognizing their responsibility to the public, have made a continuous effort to offer their customers better and better products, until now their products rank as the most delicious and distinctive cookies and cakes on the market. No expense has ever been spared to install any of the modern innovations that would give assurance of greater sanitation in the baking and handling of the products, or that would give more efficient service to the trade.

Grandma's Cake and Cookies are on sale at practically all leading groceries, restaurants or delicatessens. If your dealer should not have them, phone TEmplebar 1023, or visit the plant at 335 Adeline street, Oakland, and you will readily understand why this progressive firm has been one of the important factors in establishing Oakland as a distributing center.—Adv't.

### Caporgno Funeral Home Established For Over 35 Years

With each step forward in culture and civilization, Man becomes more exacting in the care of those dear to him who pass from this life into eternity.

The modern funeral home has endeavored to keep pace with these demands.

No finer example of this can be found than in the Caporgno & Co. Funeral Home, located at 1727 Grove street in Oakland. This fine old-established home has conscientiously served East Bay residents for 36 years, and the management has always maintained its reputation for quiet, dignity and sincerity.

A funeral director should be carefully chosen. He represents a necessary service in our lives, at a time when most people are so torn and overwhelmed with sorrow that they are incapable of sound reasoning and must depend on his sound counsel and judgment.

Such men as Mr. Caporgno are born for this work—not educated or made—for his true sympathy and deep understanding are ingrained traits of character that are manifested in the many little kindnesses he shows to all who come in contact with him.

The Caporgno Funeral Home may be reached day or night at Highgate 0240.—Adv't.

### Sewer System Is Very Important

The sewer system of a home is one of the most important items in the health and comfort of any family. We seldom give it a thought until it becomes stopped up with grease, a tilting caves in or any of several other things happen. Then we want a sewer contractor and want him quick.

The construction and repair of sewers is a specialized trade that only men of practical experience are capable of handling. An amateur will waste hours, while sewer gas is polluting the home, when an expert such as Mr. Jupp, the Sewer Man, of 1630 McGee Street, phone Berkeley 3534 would be at the bottom of your trouble in a few minutes.

Mr. Peter Jupp is well and favorably known throughout Berkeley and Albany, as he has served thousands in the many years he has been in business, with honesty and satisfaction.

He is thoroughly equipped to handle any sewer job at the most economical cost, be it an installation or a repair. He will give you prompt courteous service and all his work is guaranteed.—Adv't.

### For Fine Italian Dinners Bertola's Are Not Excelled

The Italians have never been excelled in the art of good cooking. The delicious spaghetti, raviolas, anchovies, Italian style chicken, cooked as only they know how to cook it, attract the epicurean the world over.

Oakland is to be complimented in having an Italian restaurant of such excellence as Bertola's. This restaurant located at 4601 Telegraph, has become famous and popular not only among local residents but to many who come to Oakland to have dinner and spend the evening.

### Davis Motor Co. Well Known for Square Dealing

Swift, economical transportation has become of such vital importance that to most people an automobile has become one of the necessities of life. Still, the average person is not a mechanic. He depends on the expert knowledge and reliability of his dealer to "steer him right" in this respect.

That is why so many will only patronize a dealer such as the Joe Davis Motor Co., under the able management of Joe Davis. This firm has spent years in Berkeley, conscientiously building a reputation for square dealing and truthful representation of value in both the new and used car fields.

The Davis Motor Co., is the Berkeley representative for the famous Studebaker cars. This is too well known to delve into its merits here. Mr. Davis cordially invites you to visit the show rooms, located at Oxford and Addison. There you may see and have explained to you the many wonderful innovations of this year's models. You can then see for yourself its beauty of design. You may try if you like its comforts, and feel the sensitive responsiveness in the wheel and motor. Then you may have explained to you with absolute reliability the three vital factors of this fine car—its mechanical superiority—its durability and its economical operating cost.—Adv't.

### SAMARITAN For Alcoholism

Science in all its many branches probably has made no greater contribution to society as a whole than in the cure of disease or life-destroying and craving habits. Among these habits, the most prevalent and devastating is alcoholism, which really is a disease when indulged in to the extent of causing chronic or acute effects.

All of us know families that have been all but wrecked or ruined because some member has been delivered into the clutches of alcoholism. No sacrifice on the part of loved ones would be too great to restore him or her to their rightful place in the family or society.

The Samaritan For Alcoholism, located at 1222 Lakeshore, has specialized in the cure of alcoholism for many years, achieving wonderful results in the hundreds of patients rehabilitated, completely cured, and returned to their normal place in life and the business world. This treatment is administered by accredited physicians and registered graduated nurses. The institution is to be commended for its worthy effort and the reliability of its methods used without ill effect to the patient.

Should your family be unfortunate enough to have a member addicted to the extreme use of alcohol, Mr. Miller in charge of the Samaritan For Alcoholism, invites you to get in touch with him. You may call in person for a consultation or just phone Highgate 6622. Personal investigation is invited and friends and relatives may rest assured that all inquiries will be treated in the strictest confidence.—Adv't.
